~~9693 Marine Science Gce Guide~~

The obtained species distribution can guide the appropriate reaction conditions for high-purity metal separation. They realised the production of 99.9% high-purity vanadium under 100L/h pilot-scale.

Oxford English provides students and teachers with current, meaningful, and practical activities with a thematic approach to help students to develop skills, gain confidence and enjoy the study of English. It has been developed specifically for international schools and Part 4 has been designed to address the Cambridge IGCSE English as a Second Language syllabus. Each book provides reading, writing, listening and speaking activities that support the development of skills, knowledge, values and attitudes. The contents link up with internationally relevant and topical issues, helping students relate the study of English to other subject areas and understand the wider importance of their study, building their enthusiasm.

This publication was produced by downloading files from the "interinstitutional style guide" website in 2011. As the website is updated continuously it is recommended that, when using this paper edition, you check online for any modifications, notably by consulting the "News" page: <http://publications.europa.eu/code/en/en-000300.htm>.
