From the time of its first publication, 'Tearoom Trade' engendered controversy. It was also accorded an unusual amount of praise for a first book on a marginal, intentionally self-effacing population by a previously unknown sociologist. The book was quickly recognized as an important, imaginative, and useful contribution to our understanding of "deviant" sexual activity. Describing impersonal, anonymous sexual encounters in public restrooms—"tearooms" in the argot—the book explored the behavior of men whose closet homosexuality was kept from their families and neighbors. By posing as an initiate, the author was able to engage in systematic observation of homosexual acts in public settings, and later to develop a more complete picture of those involved by interviewing them in their homes, again without revealing their unwitting participation in his study. This enlarged edition of 'Tearoom Trade' includes the original text, together with a retrospect, written by Nicholas von Hoffman, Irving Louis Horowitz, Lee Rainwater, Donald P. Warwick, and Myron Glazer. The material added includes a perspective on the social scientist at work and the ethical problems to which that work may give rise, along with debate by the book's initial critics and proponents. Humphreys added a postscript and his views on the opinion expressed in the retrospect.

In this madcap journey, a bestselling journalist investigates psychopaths and the industry of doctors, scientists, and everyone else who studies them. The Psychopath Test is a fascinating journey through the minds of madness. Jon Ronson's exploration of a potential hoax being played on the world's top neurologists takes him, unexpectedly, into the heart of the madness industry. An influential psychologist who is convinced that many important CEOs and politicians are, in fact, psychopaths teaches Ronson how to spot these high-flying individuals by looking out for little telltale verbal and nonverbal clues. And so Ronson, armed with his new psychopath-spotting abilities, enters the corridors of power. He spends time with a death-squad leader institutionalized for mortgage fraud in Coxsackie, New York; a legendary CEO whose psychopathy has been speculated about in the press; and a patient in an asylum for the criminally insane who insists he's sane and certainly not a psychopath. Ronson not only solves the mystery of the hoax but also discovers, disturbingly, that sometimes the personalities at the helm of the madness industry are, with their drives and obsessions, as mad in their own way as those they study. And that relatively ordinary people are, more and more, defined by their maddest edges.

The clock is counting down: 10, 9, 8, 7! Can you make it past Q3? Can you survive the savage questions and claim a portion of the prize? Anyone can breeze through the two no-brainers at the top. You need to be ready for the challenging questions that cut the crowd down and determine the winners. Be a winner! Who is the most adapted author of all time? Become the quiz master you were meant to be! Tick tock! *Charles Dickens **Aroldis Chapman (105.1 mph)

A 2019 EISNER AWARD NOMINEE FOR BEST REALITY-BASED WORK A NPR BEST BOOK OF 2018 A VULTURE BEST COMIC OF 2018 A PUBLISHERS WEEKLY BEST BOOK OF 2018 A LIBRARY JOURNAL BEST BOOK OF 2018 A NEW YORK PUBLIC LIBRARY BEST BOOK OF 2018 WINNER OF THE PUBLISHERS WEEKLY 2018 GRAPHIC NOVEL CRITICS POLL In this moving graphic memoir, Eisner Award-winning writer and artist Michael Kupperman traces the life of his reclusive father—the once-world-famous Joel Kupperman, Quiz Kid. That his father is slipping into dementia seems to embrace it, really means that the past he would never talk about might be erased forever. Joel Kupperman became one of the most famous children in America during World War II as one of the young geniuses on the series Quiz Kids. With the uncanny ability to perform complex math problems in his head, Joel endeared himself to audiences across the country and became a national obsession. Following a childhood spent in the public eye, only to then fall victim to the same public derision, Joel deliberately spent the remainder of his life removed from the world at large. With wit and heart, Michael Kupperman presents a fascinating account of mid-century radio and early television history, the pro-Jewish propaganda entertainment used to counteract anti-Semitism, and the early age of modern celebrity culture. All the Answers is both a powerful father-son story and an engaging portrayal of what identity came to mean at this turning point in American history, and shows how the biggest stages in the world can overcome even the greatest of players.

Integrating business law with ethics and effective management, Bagley's MANAGERS AND THE LEGAL ENVIRONMENT: STRATEGIES FOR THE 21ST CENTURY, 8E equips future managers with the legal knowledge and risk management techniques essential for success in global business. Renowned for its cutting-edge coverage and strategic approach, this book offers one of the most comprehensive yet easy-to-understand presentations of today's global legal environment of business. Proven learning features such as Inside Story and Perspective boxes illustrate how the law impacts daily management decisions and business strategies, and A Manager's Dilemma feature challenges readers to consider such issues as whether to outsource labor to a country known for poor working conditions and the ethics of structuring a business to avoid domestic taxes. Fulfilling AACSB requirements, the eighth edition addresses the legal, political, regulatory, and ethical dimensions of business. Reflecting the latest developments and decisions, the text's up-to-date coverage includes the regulation of commercial speech, the disclosure of corporate political spending, the application of the Fourth Amendment to cell phone location data, the patentability of human genes, employees' use of social media, regulatory responses to climate change, the fiduciary duties of managers of limited liability companies, the FCC's proposed rules on net neutrality, the constitutionality of Obamacare, the use of race in college admissions, the Defense of Marriage Act, NSA surveillance programs, the right of college football players to unionize, and more.
