The latest edition is

the 6th, published
August 2015, but I
was able to purchase
this earlier 5th
edition (April 2008)
quite cheaply via
Amazon Marketplace.
The difference
between the fourth
and this fifth edition
is amazing: this new
edition is much more
"colourful" with lots
more "windows" of

Economics ... It is
clearly written and

Online Library Economics 5th

laid out (unlike the previous edition that was well written but hard to navigate and the colours of red and black really could put you to sleep) Anyway, the book is easy to understand with a little maths to hinder the beginner
