'Everything I Never Told You' is a classic 'Tyler-alike'. Take a Tyler family and make them mixed race remove anything in the way of plot development and you've got this book. The biggest problem is that nothing much ever happens. There are no twist and turns. There is no mystery. The only mystery to me is why this book is SO popular.

'There is much here that might impress Pulitzer and Man Booker judges...Ng brilliantly depicts the destruction that parents can inflict on their children and on each other' Mark Lawson, Guardian Lydia is the favourite child of Marilyn and James Lee; a girl who inherited her mother's bright blue eyes and her father's jet-black hair. Her parents are determined that Lydia will fulfill the dreams they were unable to pursue - in Marilyn's case that her daughter become a doctor rather than a homemaker, in James's case that Lydia be popular at school, a girl with a busy social life and the centre of every party. But Lydia is under pressures that have nothing to do with growing up in 1970s small town Ohio. Her father is an American born of first-generation Chinese immigrants, and his ethnicity, and hers, make them conspicuous in any setting. When Lydia's body is found in the local lake, James is consumed by guilt and sets out on a reckless path that may destroy his marriage. Marilyn, devastated and vengeful, is determined to make someone accountable, no matter what the cost. Lydia's older brother, Nathan, is convinced that local bad boy Jack is somehow involved. But it's the youngest in the family - Hannah - who observes far more than anyone realises and who may be the only one who knows what really happened. From the number one bestselling author of Little Fires Everywhere, a deeply suspenseful and heartrending novel about the unbreakable love between a mother and child in a society consumed by fear Twelve-year-old Bird Gardner lives a quiet existence with his loving but broken father, a former linguist who now shelves books in a university library. Bird knows to not ask too many questions, stand out too much, or stray too far. For a decade, their lives have been governed by laws written to preserve " American culture " in the wake of years of economic instability and violence. To keep the peace and restore prosperity, the authorities are now allowed to relocate children of dissidents, especially those of Asian origin, and libraries have been forced to remove books seen as unpatriotic—including the work of Bird ’ s mother, Margaret, a Chinese American poet who left the family when he was nine years old. Bird has grown up disavowing his mother and her poems; he doesn ’ t know her work or what happened to her, and he knows he shouldn ’ t wonder. But when he receives a mysterious letter containing only a cryptic drawing, he is pulled into a quest to find her. His journey will take him back to the many folktales she poured into his head as a child, through the ranks of an underground network of librarians, into the lives of the children who have been taken, and finally to New York City, where a new act of defiance may be the beginning of much-needed change. Our Missing Hearts is an old story made new, of the ways supposedly civilized communities can ignore the most searing injustice. It ’ s a story about the power—and limitations—of art to create change, the lessons and legacies we pass on to our children, and how any of us can survive a broken world with our hearts intact.
