Good to Great
Good to Great: Why Some Companies Make the Leap... and Others Don't is a management book by Jim C. Collins that describes how companies transition from being good companies to great companies, and how most companies fail to make the transition. The book was a bestseller, selling four million copies and going far beyond the traditional audience of business books.

Good to Great - Wikipedia
In this article, we'll summarize the key points of the classic business book, Good to Great by Jim Collins. Good to Great by Jim Collins Book Summary video Some companies have always been great, such as Coca-Cola. This book isn't about this type of company.

Book Summary: Good to Great by Jim Collins.
Based on a five-year research project comparing companies that made the leap to those that did not, Good to Great shows that greatness is not primarily a function of circumstance but largely a matter of conscious choice, and discipline.

Books - Jim Collins - Good to Great
The Flywheel from Good to Great by Jim Collins Collins learned that factors such as CEO compensation, technology, mergers and acquisitions, and change management initiatives played relatively minor roles in moving from Good to Great. Instead, Collins found that successes resulted from three main factors:

7 Lessons from Good to Great - Lean East
"The good-to-great companies made a habit of putting their best people on their best opportunities, not their biggest problems. The comparison companies had a penchant for doing just the opposite, failing to grasp the fact that managing your problems can only make you good, whereas building your opportunities is the only way to become great.

Good to Great Quotes by James C. Collins
The management climate during a leap from good to great is like a searing scientific debate—with smart, tough-minded people examining hard facts and debating what those facts mean. The point isn't to win the debate, but rather to come up with the best answers—and, ultimately, to lock onto a Hedgehog Concept that works.

Good To Great
Making the transition from good to great doesn't require a high-profile CEO, the latest technology, innovative change management, or even a fine-tuned business strategy. At the heart of those rare and truly great companies was a corporate culture that rigorously found and promoted disciplined people to think and act in a disciplined manner.

Good to Great: Amazon.co.uk: Books
"The good-to-great companies built a consistent system with clear constraints, but they also gave people freedom and responsibility within the framework of that system. They hired self-disciplined people who didn't need to be managed, and then managed the system, not the people." "When you have disciplined people, you don't need hierarchy. When you have disciplined thought, you don ...
