battery. When you use the navigation system, always keep the engine running. • When the driver wants to operate the navigation system, first park the vehicle in a safe location and set the parking brake. Operating the system while driving can distract the driver and may result in a serious accident. • Do not disassemble or modify this system.

Buyers have many ways to access high-quality navigation now when buying a new car. Here's how to sort through the choices. In the recent past, the options to connect to good quality navigation in one's vehicle came down to a manufacturer-installed system in the dash, or an aftermarket system from TomTom, Garmin or another brand.
