IB Past Papers - IB Resources

Some problems may include the stoich question (the volume one) on Topic 1, the shape of that weird molecule on Topic 4, and energetic manipulations on Topic 5. But overall, this paper was okay though. Past papers really helped. P.S. Topic 2 question on the number of electrons in NUCLEUS was LIT. Can you imagine how the IB tricked us so harshly lol.

Thorough and engaging, this new book has been specifically developed for the 2011 English A: Literature syllabus at both SL and HL. With activities, student model answers and examiner commentaries, it offers a wealth of material to support students in every aspect of the new course.

This concise guide provides the content needed for the Chemistry IB diploma at both Standard and Higher Level. It follows the structure of the IB Programme exactly and includes all the options. Each topic is presented on its own page for clarity, Higher Level material is clearly indicated, and there are plenty of practice questions. The text is written with an awareness that English might not be the reader's first language

Chemistry for the IB Diploma, Second edition, covers in full the requirements of the IB syllabus for Chemistry for first examination in 2016. This digital version of Chemistry for the IB Diploma Coursebook, Second edition, comprehensively covers all the knowledge and skills students need during the Chemistry IB Diploma course, for first examination in 2016, in a reflowable format, adapting to any screen size or device. Written by renowned experts in Chemistry teaching, the text is written in an accessible style with international learners in mind. Self-assessment questions allow learners to track their progress, and exam-style questions help learners to prepare thoroughly for their examinations. Answers to all the questions from within the Coursebook are provided.
