Scattered throughout the Talmud, the founding document of rabbinic Judaism in late antiquity, can be found quite a few references to Jesus--and they're not flattering. In this lucid, richly detailed, and accessible book, Peter Schäfer examines how the rabbis of the Talmud read, understood, and used the New Testament Jesus narrative to assert, ultimately, Judaism's superiority over Christianity. The Talmudic stories make fun of Jesus' birth from a virgin, fervently contest his claim to be the Messiah and Son of God, and maintain that he was rightfully executed as a blasphemer and idolater. They subvert the Christian idea of Jesus' resurrection and insist he got the punishment he deserved in hell--and that a similar fate awaits his followers. Schäfer contends that these stories betray a remarkable familiarity with the Gospels--especially Matthew and John--and represent a deliberate and sophisticated anti-Christian polemic that parodies the New Testament narratives. He carefully distinguishes between Babylonian and Palestinian sources, arguing that the rabbis' proud and self-confident countermesssage to that of the evangelists was possible only in the unique historical setting of Persian Babylonia, in a Jewish community that lived in relative freedom. The same could not be said of Roman and Byzantine Palestine, where the Christians aggressively consolidated their political power and the Jews therefore suffered. A departure from past scholarship, which has played down the stories as

unreliable distortions of the historical Jesus, Jesus in the Talmud posits a much more deliberate agenda behind these narratives.

Jesus as represented in the Talmud is a subject which must interest the Christian student. For what can be of profounder interest than to learn what the Jews have said concerning Jesus and Christianity. We naturally look to the Jewish historian Josephus, who described and witnessed the downfall of the Jewish commonwealth. But we are disappointed. True that in his "Antiquities" (XVIII, 3, 3) Josephus has reference to Christ, but scholars are now generally agreed<sup>1</sup> that this passage is a later interpolation. Leaving then aside Josephus, we must turn to that encyclopaedia of "Jewish wisdom and unwisdom" which is known as the Talmud.

The Hebrew Scriptures contain many hundreds of laws both religious and civil. They concern the Temple (in Exodus), the priesthood (in Leviticus), the Temple offerings and other rites (in Numbers), and the social order of Israel (in Deuteronomy). These may rightly be called the written law (Torah). The oral law is the extension of these precepts to cover all of life and its contingencies. The oral law (or Mishnah) was written down by rabbinic sages about 200 C.E. With the Talmud, Jewish sages systematized the laws in Scripture together with those of the oral tradition. While the Mishnah records rules governing the conduct of the holy life of Israel, the Talmud concerns itself with the details of the Mishnah. Israel's oral law found its definitive expression in the Talmud. The Talmud of Babylonia (a.k.a., the Bavli, or Babylonian Talmud), is a sustained commentary on the written and oral law of Israel. Compiled between 500-600 C.E., it offers a magnificent record of how Jewish scholars preserved a humane and enduring civilization. Representing the primary document of rabbinic Judaism, it throws considerable light on the New Testament as well. This monumental

Jesus, Son of Mary was from a line of Israelite Prophets sent to the Jews to proclaim the message of monotheism and to purify and confirm the law of Moses. The Jewish religious leaders rejected Jesus after he challenged their authority and rebuked them for their iniquities and excesses. The factions who believed in Jesus--known later as "Christians"--exaggerated his status, deified him and worshipped him alongside All?h. The Jews in turn used the misguidance and excesses of the Christians to vilify the person and character of Jesus who is free and innocent of the excesses of the Christians and the unfounded claims of the Jews. The conflict between the Jews and Christians played out over the centuries and can be observed in the anti-Christian polemics in Talmudic literature and the anti-Jewish sentiment that Christian Europe retained into the 20th century. The Qur??n and the Prophetic traditions make clear the correct position regarding Jesus to both of these groups--the "People of the Book" (ahl al-kit?b)--in their disputes with each other: One failed to act by the truth when it came to them and rejected the message of Jesus, and the other acted upon ignorance--in opposition to authentic revealed knowledge--and fell into exaggeration by worshipping Jesus alongside All?h.

the Jews culpable in his death? These ancient questions have been debated for almost two thousand years, most recently with the release of Mel Gibson's explosive *The Passion of the Christ*. The controversy was never merely academic. The legal status and security of Jews—often their very lives—depended on the answer. In *WHY THE JEWS REJECTED JESUS*, David Klinghoffer reveals that the Jews since ancient times accepted not only the historical existence of Jesus but the role of certain Jews in bringing about his crucifixion and death. But he also argues that they had every reason to be skeptical of claims for his divinity. For one thing, Palestine under Roman occupation had numerous charismatic would-be messiahs, so Jesus would not have been unique, nor was his following the largest of its kind. For another, the biblical prophecies about the coming of the Messiah were never fulfilled by Jesus, including an ingathering of exiles, the rise of a Davidic king who would defeat Israel's enemies, the building of a new Temple, and recognition of God by the gentiles. Above all, the Jews understood their biblically commanded way of life, from which Jesus's followers sought to "free" them, as precious, immutable, and eternal. Jews have long been blamed for Jesus's death and stigmatized for rejecting him. But Jesus lived and died a relatively obscure figure at the margins of Jewish society. Indeed, it is difficult to argue that "the Jews" of his day rejected Jesus at all, since most Jews had never heard of him. The figure they really rejected, often violently, was Paul, who convinced the Jerusalem church led by Jesus's brother to jettison the observance of Jewish law. Paul thus founded a new religion. If not for him, Christianity would likely have remained a Jewish movement, and the course of history itself would have been changed. Had the Jews accepted Jesus, Klinghoffer speculates, Christianity would not have conquered Europe, and there would be no Western civilization as we know it. *WHY THE JEWS REJECTED JESUS* tells the story of this long, acrimonious, and occasionally deadly debate between Christians and Jews. It is thoroughly engaging, lucidly written, and

in many ways highly original. Though written from a Jewish point of view, it is also profoundly respectful of Christian sensibilities. Coming at a time when Christians and Jews are in some ways moving closer than ever before, this thoughtful and provocative book represents a genuine effort to heal the ancient rift between these two great faith traditions.

“The Talmud Unmasked” is an 1892 work by Justinas Pranaitis. Generally regarded as anti-Semitic, it is a collection of quotes from the Talmud and Zohar that the author claims illustrate that Judaism promotes hatred towards non-Jews to the point of promoting murder. Contents include: “Justinas Pranaitis”, “Jesus Christ in the Talmud”, “The Christians”, “Christians Must Be Avoided”, and “Christians Must Be Exterminated”. Justinas Bonaventura Pranaitis (1861 – 1917) was a Lithuanian Catholic priest who worked as Master of Theology and Professor of Hebrew at the Imperial Ecclesiastical Academy of the Roman Catholic Church in Saint Petersburg, Russia. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.
