Abruptly abandoning her unfulfilling life, an increasingly unstable woman flees to New Zealand and tests fate by hitchhiking, sleeping in public areas and involving herself with strangers while obsessing about her sister's death and hiding a growing rage. Original. 15,000 first printing.

One of The Wall Street Journal's Best Short Story Collections of 2018. Named a Summer Read by Vanity Fair, The Guardian, Nylon, Bustle and Literary Hub. One of Financial Times and TLS's Best Books of 2018. One of Grantal's Best Young American novelists, Catherine Lacey, the Whiting Award-winning author of The Answers, showcases her literary style in short fiction with Certain American States, a collection of stories about ordinary people seeking¶and failing to find¶the extraordinary in their lives. Catherine Lacey brings her narrative mastery to Certain American States, her first collection of short stories. As with her acclaimed novels Nobody Is Ever Missing and The Answers, she gives life to a group of subtly complex, instantly memorable characters whose searches for love, struggles with grief, and tentative journeys into the minutiae of the human condition are simultaneously gripping and devastating. The characters in Certain American States are continually coming to terms with their place in the world, and how to adapt to that place, before change inevitably returns. A woman leaves her dead husband's clothing on the street, only for it to reappear on the body of a stranger; a man reads his ex-wifel's short story and neurotically contemplates whether it is about him; a young woman whose Texan mother insists on moving to New York City with her has her daily attempts to get over a family tragedy interrupted by a mute stranger showing her incoherent messages on his phone. These are stories of breakups, abandonment, and strained family ties; dead brothers and distant surrogate fathers; loneliness, happenstance, starting over, and learning to let go. Lacey's elegiac and inspired prose is at its full power in this collection, further establishing her as one of the singular literary voices of her generation.

NAMED A TOP 10 NOVEL OF 2017 BY THE WALL STREET JOURNAL AND VOGUE, A BEST BOOK OF 2017 BY ESQUIRE, HUFFINGTON POST, POP SUGAR, ELECTRIC LITERATURE AND KIRKUS, AND A 2017 NPR GREAT READ. ONE OF DWIGHT GARNER'S TOP BOOKS OF 2017 IN THE NEW YORK TIMES. A NEW YORK TIMES BOOK REVIEW EDITOR'S CHOICE AND A FINALIST FOR THE CHICAGO REVIEW OF BOOKS FICTION AWARD. "Like Margaret Atwood's The Handmaid's Tale, [The Answers] is also a novel about a subjugated woman, in this case not to a totalitarian theocracy but to subtler forces its heroine is only beginning to understand and fears she is complicit with." --Dwight Garner, New York Times Mary Parsons is broke. Dead broke, really: between an onslaught of medical bills and a mountain of credit card debt, she has been pushed to the brink. Hounded by bill collectors and still plagued by the painful and bizarre symptoms that doctors couldn't diagnose, Mary seeks relief from a holistic treatment called Pneuma Adaptive Kinesthesia¶PAKing, for short. Miraculously, it works. But PAKing is prohibitively expensive. Like so many young adults trying to make ends meet in New York City, Mary scours Craigslist and bulletin boards for a second job, and eventually lands an interview for a high-paying gig that's even stranger than her symptoms or the New Agey PAKing. Mary's new job title is Emotional Girlfriend in the ¶Girlfriend Experiment¶the brainchild of a wealthy and infamous actor, Kurt Sky, who has hired a team of biotech researchers to solve the problem of how to build and maintain the perfect romantic relationship, cast -ing himself as the experiment's only constant. Around Kurt, several women orbit as his girlfriends with spe -cific functions. There's a Maternal Girlfriend who folds his laundry, an Anger Girlfriend who fights with him, a Mundanity Girlfriend who just hangs around his loft, and a whole team of girlfriends to take care of Intimacy. With so little to lose, Mary falls headfirst into Kurt's messy, ego-driven simulacrum of human connection. Told in Catherine Lacey's signature spiraling, hypnotic prose, The Answers is both a mesmerizing dive into the depths of one woman's psyche and a critical look at the conventions and institutions that infiltrate our most personal, private moments. As Mary struggles to understand herself/her body, her city, the trials of her past, the uncertainty of her future¶the reader must confront the impossible questions that fuel Catherine Lacey's work: How do you measure love? Can you truly know someone else? Do we even know ourselves? And listen for Lacey's uncanny answers.

One of Amazon's 100 Best Books of 2020. ¶The people of this community are stifling, and generous, cruel, earnest, needy, overconfident, fragile and repressive, which is to say that they are brilliantly rendered by their wise maker, Catherine Lacey.¶ --Rachel Kushner, author of The Flamethrowers A figure with no discernible identity appears in a small, religious town, throwing its inhabitants into a frenzy In a small, unnamed town in the American South, a church congregation arrives for a service and finds a figure asleep on a pew. The person is genderless and racially ambiguous and refuses to speak. One family takes in the strange visitor and nicknames them Pew. As the town spends the week preparing for a mysterious Forgiveness Festival, Pew is shuttled from one household to the next. The earnest and seemingly well-meaning townspeople see conflicting identities in Pew, and many confess their fears and secrets to them in one-sided conversations. Pew listens and observes while experiencing brief flashes of past lives or clues about their origin. As days pass, the void around Pew's presence begins to unnerve the community, whose generosity erodes into menace and suspicion. Yet by the time Pew's story reaches a shattering and unsettling climax at the Forgiveness Festival, the secret of who they really are¶a devil or an angel or something else entirely¶is dwarfed by even larger truths. Pew, Catherine Lacey's third novel, is a foreboding, provocative, and amorphous fable about the world today: its contradictions, its flimsy morality, and the limits of judging others based on their appearance. With precision and restraint, one of our most beloved and boundary-pushing writers holds up a mirror to her characters' true selves, revealing something about forgiveness, perception, and the faulty tools society uses to categorize human complexity.

Without telling her family, Elyria takes a one-way flight to New Zealand, abruptly leaving her stable but unfulfilling life in Manhattan. As her husband scrambles to figure out what happened to her, Elyria hurtles into the unknown, testing fate by hitchhiking, tacitly being swept into the lives of strangers, and sleeping in fields, forests, and public parks. Her risky and often surreal encounters with the people and wildlife of New Zealand propel Elyria deeper into her deteriorating mind. Haunted by her sister's death and consumed by an inner violence, her growing rage remains so expertly concealed that those who meet her sense nothing unwell. This discord between her inner and outer reality leads her to another obsession: If her truest self is invisible and unknowable to others, is she even alive? The risks Elyria takes on her journey are paralleled by the risks Catherine Lacey takes on the page. In urgent, spiraling prose she whittles away at the rage within Elyria and exposes the very real, very knowable anxiety of the human condition. And yet somehow Lacey manages to poke fun at her unrelenting self-consciousness, her high-stakes search for the dark heart of the self. In the spirit of Haruki Murakami and Amelia Gray, Nobody Is Ever Missing is full of mordant humor and uncanny insights, as Elyria waffles between obsession and numbness in the face of love, loss, danger, and self-knowledge.

From the author of The Wilds, which Publishers Weekly called ¶a brilliant combination of emotion and grime, wit and horror.¶ comes a debut novel that is part dystopian satire, part Southern Gothic tall tale: a disturbing yet hilarious romp through a surreal New South where newfangled medical technologies change the structure of the human brain and genetically modified feral animals ravage the blighted landscape. Down on his luck and still pining for his ex-wife, South Carolina taxidermist Romie Futch spends his evenings drunkenly surfing the Internet before passing out on his couch. In a last-ditch attempt to pay his mortgage, he replies to an ad and becomes a research subject in an experiment conducted by the Center for Cybematic Neuroscience in Atlanta, Georgia. After ¶scientists¶ download hifalutin humanities disciplines into their brains, Romie and his fellow guinea pigs start debating the works of Foucault and hashing out the intricacies of postmodern subjectivity. The enhanced taxidermist, who once aspired to be an artist, returns to his hometown ready to revolutionize his work and revive his failed marriage. As Romie tracks down specimens for his elaborate animatronic taxidermy dioramas, he develops an Ahab-caliber obsession with bagging ¶Hogzilla,¶ a thousand-pound feral hog that has been terrorizing Hampton County. Cruising hog-hunting websites, he learns that this lab-spawned monster possesses peculiar traits. Pulled into an absurd and murky underworld of biotech operatives, FDA agents, and environmental activists, Romie becomes entangled in the enigma of Hogzilla's origins. Exploring the interplay between nature and culture, biology and technology, reality and art, The New and Improved Romie Futch probes the mysteries of memory and consciousness, offering a darkly comic yet heartfelt take on the contemporary human predicament.

An "illustrated chain of entanglements (romantic and otherwise) between some of our best-loved writers and artists of the twentieth century ... from Frida Kahlo to Colette to Hemingway to Dalí; from Coco Chanel to Stravinsky to Miles Davis to Orson Welles"--Back cover.
