For Shrek, life is good. He's king of the fairytale kingdom of Far Far Away, surrounded by friends, and a celebrity to his people. But boredom takes hold . . . that is, until he meets the smooth-talking Rumpelstiltskin and a wish turns his world inside-out. In Shrek Forever After, the latest installment in the blockbuster series from DreamWorks Animation, Shrek's desire to feel like a "real ogre" leads him to relive his famous adventures, but in a world where ogres are hunted, Rumpelstiltskin is king, and Princess Fiona has never even heard his name! Readers can join Donkey, Fiona, Farquhad, and their favorite ogre for the behind-the-scenes story of his latest adventure, the first three Shrek films, and how the land of Far Far Away came to be.

Shrek misses his glory days as a real ogre, so he signs a pact with the smooth-talking Rumpelstiltskin. But then Shrek finds himself in a world where Rumpel is king and he has never met Fiona! Join Shrek on a heroic quest to restore his world and win back his one true love.

When Shrek signs a deal with Rumpelstiltskin, the world changes as if he had never been born, and he enlists the help of Donkey and Puss to set things right again.

It started with a loveable ogre who befriended a talking donkey and rescued a beautiful princess in the unforgettable story that broke the mold for all animated films to follow. Now comes Shrek Forever After, the hilarious and fitting finale to this record-breaking, Oscar®-winning movie phenomenon. Longing for the days when he was a real ogre, Shrek signs a deal with Rumpelstiltskin to get his roar back but turns his world upside down in the process. Donkey suddenly can't remember his best friend; Fiona is now a tough warrior princess; and Puss in Boots is one fat cat! Together, they have just 24 hours to reverse the contract and restore happily FOREVER after to close the final chapter.

A behind-the-scenes look at the world of the three films presents character, set, and scene development art along with discussions of the movies' plots, characters, settings, and actors, and includes four punch-out cardboard coasters.

Based on the popular Trolls dolls created by Thomas Dam, "Trolls" is a 3D computer-animated musical comedy from DreamWorks Animation directed by Mike Mitchell ("Shrek Forever After") Princess Poppy (Anna Kendrick) is a relentlessly upbeat, if slightly naive, Troll who inherits her crown on the very day her people face the first challenge that can't be solved with a song or a hug. Accompanied by Branch (Justin Timberlake), she ventures far beyond the only world they have ever known in a quest that tests their strength and reveals their true colors. Full of playful designs created in the optimistic and fun-loving spirit of the Trolls, "The Art of Trolls" showcases hundreds of pieces of concept and production art to illustrate how DreamWorks's team of talented artists created an enchanting reinterpretation of the Trolls phenomenon that has gripped collectors and popular culture for decades. "

Chronicles the story behind the making of "Shrek" and "Shrek 2," with behind-the-scenes information as well as concept art, storyboards, character models, set designs, and interviews with the filmmakers.

Collects four graphic novels about the adventures of Shrek the ogre and his friends, including Fiona, Donkey, and Puss.
