Discovered by Dr Edward Bach in the 1930s, the thirty-eight Bach Flower Remedies form a system of healing for the negative emotions and attitudes that may interfere with health and happiness. This book provides an in-depth and detailed description of each remedy, together with case histories relating to each one to help the reader appreciate how they may be put into practice. The descriptions and cases have been compiled from the Bach Remedy Newsletter, originally edited by Nora Weeks, Dr Bach's successor and close companion. In each issue she featured a remedy along with a collection of her own case notes, and because they represent such an authoritative text, Philip Chancellor, with her blessing, has compiled them to create this book.

The thirty-eight Bach Flower Remedies are made from non-poisonous wild flowers and offer a simple means to establish inner harmony. This book is an essential dictionary listing the positive and negative qualities associated with each natural remedy. Whereas a person categorised by the positive aspect would have little need for the remedy in question, those who share the qualities listed under the negative aspect would benefit from taking it. There is also a separate section on the uses and health benefits of Rescue Remedy.

Bach Flower Remedies for Men shows how his 38 flower-and-plant-based remedies apply to the particular emotional problems of men, and how a system that heals the whole person can win freedom from the pressure to conform and perform. Topics covered include bullying, falling in love, sexuality, job-hunting, redundancy and fatherhood, and specific problems from acne and hair loss to heart disease and prostate trouble are described in a practical, non-technical way. Bach Flower Remedies for Men is written with men in mind.
