The mind of clover : essays in Zen  
Buddhist ethics. by ...

In *The Mind of Clover* he addresses the world beyond the zazen cushions, illuminating issues of appropriate personal and social action through an exploration of the philosophical complexities of Zen ethics. Aitken's approach is clear and sure as he shows how our minds can be as nurturing as clover, which enriches the soil and benefits the environment as it grows.

It is discussed item by item, in sufficient detail to show how the sense of self that goes with one's individual personality can be shed. The idea is to continue to act completely natural and to do all those things expected of a human being in one's particular status, position, etc. just as clover grows and behaves exactly as it should in its particular status and position. Clover has no mind or the functions associated with the mind; the human being then acts just as normally as the clover ...

addresses the world beyond the zazen cushions, illuminating issues of appropriate personal and social action through an exploration of the philosophical complexities of Zen ethics. Aitken's approach is clear and sure as he shows how our minds can be as nurturing as clover, which enriches the soil and benefits the environment as it grows. The opening chapters discuss the Ten Grave Precepts of Zen, which, Aitken points out, are "not commandments etched in stone but expressions of inspiration written in something more fluid than water." Aitken approaches these precepts, the core of Zen ethics, from several perspectives, offering many layers of interpretation. Like ripples in a pond, the circles of his interpretation increasingly widen, and he expands his focus to confront corporate theft and oppression, the role of women in Zen and society, abortion, nuclear war, pollution of

the environment, and other concerns. The Mind of Clover champions the cause of personal responsibility in modern society, encouraging nonviolent activism based on clear convictions. It is a guide that engages, that invites us to realize our own potential for confident and responsible action.

There is a fine art to presenting complex ideas with simplicity and insight, in a manner that both guides and inspires. In Taking the Path of Zen Robert Aitken presents the practice, lifestyle, rationale, and ideology of Zen Buddhism with remarkable clarity. The foundation of Zen is the practice of zazen, or mediation, and Aitken Roshi insists that everything flows from the center. He discusses correct breathing, posture, routine, teacher-student relations, and koan study, as well as common problems and milestones

# Acces PDF The Mind Of Clover Essays In Zen

encountered in the process. Throughout the book the author returns to zazen, offering further advice and more advanced techniques. The orientation extends to various religious attitudes and includes detailed discussions of the Three Treasures and the Ten Precepts of Zen Buddhism. Taking the Path of Zen will serve as orientation and guide for anyone who is drawn to the ways of Zen, from the simply curious to the serious Zen student.

Being Upright takes us beyond the conventional interpretation of ethical precepts to the ultimate meaning that informs them. Reb Anderson first introduces us to the fundamental ideas of Zen Buddhist practice. Who was Shakyamuni Buddha and what was his central teaching? What does it mean to be a bodhisattva and take the bodhisattva vow? Why should we confess and

# Access PDF The Mind Of Clover Essays In Zen

acknowledge our ancient twisted karma? What is the significance of taking refuge in Buddha, dharma, and sangha? The author explores the ten basic precepts, including not killing, not stealing, not lying, not misusing sexuality, and not using intoxicants. A gifted storyteller, Anderson takes us to the heart of situations, where moral judgments are not easy and we do not have all the answers. With wisdom and compassion, he teaches us how to confront the emotional and ethical turmoil of our lives.

"The inspiration that guided monks and nuns in ancient times is our own deepest incentive as we establish our practice in a world that desperately needs new forms of kinship and love." —Robert Aitken  
Encouraging Words is a collection of short talks and brief essays that Aitken Rashi has offered his students at meditation retreats

during the past two decades. They are arranged according to themes central to all spiritual seekers—attention, emptiness, coming and going, diligence, death and the afterlife, the sacred self, and the moral path. Aitken provides guidance on pursuing religious practice in a lay context, “ re-casting the Dharma to include women, jobs, and family. ” He also charts his own quest to develop a set of moral codes in keeping with Buddhism's basic precepts and honoring the enormous ethical challenges faced in the twentieth century. Encouraging Words was nominated for the Tricycle Prize for Outstanding Contribution to Buddhism in America.

A collection of twenty-three essays examines the texts Aitken has studied over the years, discussing such topics as political evolution, ethics, the proper use of money,

power, and sexual love, reflections on death and marriage, and more

Life is rising up to meet us at every moment. The question is: Are we there to meet it or not? Diane Rizzetto presents a simple but supremely effective practice for meeting every moment of our lives with mindfulness, using the Zen precepts as tools to develop a keen awareness of the motivations behind every aspect of our behavior—to "wake up to what we do"—from moment to moment. As we train in mindfulness of our actions, every situation of our lives becomes our teacher, offering priceless insight into what it really means to be happy. It's a simple practice with transformative potential, enabling us to break through our habitual reactions and to see clearly how our own happiness and well-being are intimately, inevitably connected to the happiness and well-being

of everyone around us. Robert

Aitken

Robert Aiken, author of *Encouraging Words and Taking the Path of Zen*, is America's most senior Zen Rōshi. In this new book he presents the Ten Pāramitās, of Transcendental Perfections—namely, giving, mortality, forbearance, zeal, focused meditation, wisdom, compassionate means, aspiration, spiritual power, and knowledge—two-thousand-year-old ideals that can serve us as both methods and goals. The Pāramitās are the “skillful means” a person may employ to nurture and develop his or her spiritual and moral life. In religious instruction we are often met by restrictions, and are told what not to do. The Pāramitās, explained from a Zen perspective, offer the seeker ten positive means of action, ten ways to live a life of clarity and grace in a modern world where

# Acces PDF The Mind Of Clover Essays In Zen

neither seems easy or even possible. The transcendental perfections can lead us toward a life that is both spiritually invigorated and socially engaged. Aitken Roshi ' s way of teaching—anecdotal, careful, insightful, and easily accessible—leads us further along the path of harmony and balance. Each of the inspiring and instructional essays in this book is followed by a section in which Aitken answers questions most often asked by his own students in their course of study. The Practice of Perfection will be useful to seekers of all cultures and faiths.

Good Life presents the Buddhist precepts as signposts on the path to discovering human beings' inherent goodness. It offers concrete ways of transforming real-life difficulties into freedom.

The author discusses the Buddhist ideas of

# Acces PDF The Mind Of Clover Essays In Zen

karma and rebirth while relating his own journey down the Zen path.

A Sot Zen priest and Dharma successor of Kosho Uchiyama Roshi explores eight of Zen's most essential and universal liturgical texts and explains how the chants in these works support meditation and promote a life of freedom and compassion.
