In this dramatic real-life tale Lawrence Beesley tells first-hand what it was like to be on the Titanic as it plunged into the icy waters of the North Atlantic on that fateful night in April 1912. Beesley wrote this book and it was published just nine weeks after the disaster. Could the Titanic sinking have been averted? Was there a fundamental design flaw? Did Titanic break in two as it sank? Why did so many people die in the disaster? Its a story of

'The best political weapon is the weapon of terror. Cruelty commands respect. Men may hate us. But, we don't ask for their love - only for their fear.' -Heinrich Himmler The Schutzstaffel, or SS - the brutal elite of the Nazi Party - was founded by Hitler in 1925 to be his personal bodyguard. From 1929 it was headed by Heinrich Himmler, who built its

numbers up from under 300 to well over a million by 1945. The SS became the very backbone of Nazi Germany, taking over almost every function of the state. SS members were chosen not only to be the living embodiment of Hitler's notion of 'Aryan supremacy', but also to cement undying loyalty to the Führer at every level of German society. Merciless fanatics in jackboots, the SS systematically slaughtered, tortured, and enslaved millions. This is the story of the rise and fall of one of the most evil organizations the world has ever seen.

This book demythologises one of the top Waffen-SS units during the Second World War, the Hitlerjugend Division. In addition to bringing together new research in European historiography, it also represents an innovative scientific approach using social psychology. It provides insights into inner psychological mechanisms that facilitated moral disengagement and culminated in the division's unparalleled combat motivation and war crimes. Best known for their
