its acclaimed status as the stone of Jacob- the father to twelve sons who later became the twelve tribes of Israel. In light of recent events that are unfolding worldwide, this book is proof...beyond doubt, that we are living in the last days! There can be no doubt that the ministry of the Two Witnesses is about to begin. After reading this book, things you never understood before will become clear. Don't be left in the dark! Read..."The Stone of Israel and the Two Witnesses" Prophecy has begun.

The Stone and the Glory of Israel is the story of God's promised Messiah--all taken from the Scriptures. It is written as an invitation for the Jewish people to meet their promised King, whom God may very soon send. The Stone which the

Builders rejected has become the chief corner stone. This is the LORD'S doing; it is marvelous in our eyes. This is the day which the LORD has made; let us rejoice and be glad in it. O LORD, do save, we beseech Thee; O LORD, we beseech Thee, do send prosperity! Blessed is the one who comes in the name of the LORD (Psalm 118:22-26a).

"They demolish our houses while we build theirs." This is how a Palestinian stonemason, in line at a checkpoint outside a Jerusalem suburb, described his life to Andrew Ross. Palestinian "stone men", utilizing some of the best quality dolomitic limestone deposits in the world and drawing on generations of artisanal knowledge, have built almost every state in the Middle East except their own. Today the business

of quarrying, cutting, fabrication, and dressing is Palestine's largest employer and generator of revenue, supplying the construction industry in Israel, along with other Middle East countries and even more overseas. Drawing on hundreds of interviews in Palestine and Israel, Ross's engrossing, surprising, and gracefully written story of this fascinating, ancient trade shows how the stones of Palestine, and Palestinian labor, have been used to build out the state of Israel-in the process, constructing "facts on the ground"-even while the industry is central to Palestinians' own efforts to erect bulwarks against the Occupation. For decades, the hands that built Israel's houses, schools, offices, bridges, and even its separation barriers have been Palestinian. Looking at the Palestine-Israel conflict in a new light, this book asks

how this record of achievement and labor can be recognized.

The Intifada inspired a new kind of Palestinian radicalism, a radicalism borne on young shoulders, a radicalism that conducts its dialogue with Israel and the local population via the stone, the slingshot, the petro bomb, and the leaflet. The leaflets bring the people into the streets and instruct them what to do, and when, and how. They determine the

boundaries of the permissible. If one wants to know why the Intifada erupted, what the Palestinians think and what they are fighting for, how they operate and how they perceive Israel, and whether there is anything to talk about, one should read the Palestinian leaflets. They are the documents from which the Palestinians go forth and to which they return. Mishal and Aharoni first provide some historical background to the Intifada and deal with the question of how it came about and what prevented its outbreak during the first twenty years of Israeli rule in the territories. They then turn to the leaflets and examine in detail their contents and motivations. Speaking Stones concludes with a selection of over fifty translated leaflets of the two leading bodies in the Intifada: the United National Command and the Islamic

Ask yourself these questions. How can the most powerful country on earth, or to ever exist, be overlooked in Bible prophecy? How can a nation, who conquered space, went to the moon and back, and helped save the Jews from the horrors of Nazi Germany find themselves left out of God's plan to save the world? How can a land, dripping with wine, sustained by corn, and bursting with grain, escape the eyes of God? Why did God settle the children of Israel in Palestine when he promised them the world? Was it beyond his power to bring them over the sea? Why were the children of Naphtali settled in the northeast corner of the promise land, when they were prophesied the southwest? How can we

make sense of these errors? Jacob and Moses were two of the greatest prophets in the Bible. If so, how can they both be wrong? The answer's simple. The lost tribes of Israel came through the bloody seas of Europe to settle other lands. The most powerful nations on earth are not missing in Bible prophecy. They are the lost tribes of Israel. They're the focus of all Bible prophecy. They are an example of God's blessings, and he's to be glorified by all they accomplish. This book will open your eyes to understanding the Bible. Learn the identity of the children of Joseph and where they reside unto this day. Discover the well-defined paths of the lost tribes and track them throughout Europe. Look into the history of the people living in Switzerland, Belgium, France, Holland, Denmark, England, Canada, Australia, and the

United States. Learn the origin of the Native Americans, their ties to Israel, and the prophecy that led them to this land. All supported by Biblical quotes in this red-lettered narrative. The God of Israel gave us all we need to track his lost flock. They were to follow on the heels of the American Indian and inherit a land dripping with sweet wine. It's as simple as opening your Bible and knowing where to look. The ancient path of a Sage is lost in the fetters of time, but wisdom comes from the shadows long since passed. David took five stones into the valley to face a beast, but he needed only one to bring him down. We'll tackle the beast, the dragon, the false prophet, the four horsemen of the apocalypse, the seals of Revelation, and the star of Wormwood. Once finished, there will be little to no doubt of their identity, and they'll fall
